

CAROLINA TIGER
RESCUE

Color and Create Your Own Tiger!

Carolina Tiger Rescue is home to 16 tigers, all with their own names, personalities, and stories.

Some love to splash in their water dishes and chase birds, while others will cat nap in the sun most of the day. Some of our tigers love to chuffle at their keepers and volunteers, while a handful are very quiet and do not do much vocalization. Now that you have met some of the tigers that live here at the sanctuary, you get to create your own tiger.

Color your tiger however you like. You can color them orange like ours, blue, pink, or rainbow; the choice is yours. Don't forget the stripes! Give them a name and write about their personality. What are their favorite things? What do they really not like? Get creative! Every tiger has its own unique personality and look!
